

Santa Barbara Hillel - Leading The Way To A Positive Campus Climate

Students at each University of California campus were recently surveyed about their perception of “campus climate.” Among other questions, they were asked:

How comfortable are you with the overall campus climate at your university?

Here are the answers given by Jewish students

source: UC Campus Climate Assessment - March 2014

UCSB Jewish students ranked **highest** in the UC system for those describing their campus climate as each of the following:

Very Comfortable 39%

Very Comfortable/Comfortable 89%

Very Comfortable/Comfortable/Neutral 96%

UCSB Jewish students ranked **lowest** in the UC system for the following:

Uncomfortable/Very Uncomfortable 4%

Within the broader UCSB student population, UCSB Jewish students ranked their level of comfort **higher** than any other UCSB subgroup as well as **higher** than the student body as a whole
